ABOUT US

This is precisely the mission of Lloyd, our faculty, staff as well as our students, alumni, our mentors & supporters. We are driven by the belief that every child deserves a high-quality education. And in today's generation where there is an intersection of great challenge & great opportunity, especially in the pharmaceutical sector, we need to think out of the box and provide only the best to our students.

Our main forte lies in our links & collaborations with the pharmaceutical industry. We believe more in on-site training than only theoretical classes. Not only the students but also the faculty undergoes practical refresher training session in the industry on a regular basis.

We offer Diploma of Pharmacy (D. Pharm.), Bachelor of Pharmacy (B. Pharm.), and Master of Pharmacy (M. Pharm.)

Reshma Mishra
B.Pharm. (Batch-2004-08)

I, Reshma Mishra, from batch 2004–08, started my career at Himachal Pharmaceutical Company for approximately 6 months. Later, I joined as a Drug Regulatory Affairs (DRA) in Delhi-NCR. Later in 2012, I established my own company named Florencia Healthcare, which has been well established for 11 years as an exporter and is flourishing. We mostly deal with oncology products. And in the last one and a half years, we have launched another company that focuses on retail pharmacy, i.e., Assumer Pharmacy. They are dealing in retail pharmacies. So now we are dealing in retail pharmacy, with an outstanding eight outlets in Delhi, NCR. The experience so far has been splendid. I would like to extend my welcome to Lloyd Institute and especially to Dr. Vandana Arora for her rigorous guidance and training, which certainly led us to pursue an amazing career. She has been one of the most energetic and powerful personalities that we believe, and she is an ideal for us.

Nancy Batra
B.Pharm. (Batch-2013-17)

"The Department of Pharmacy at Lloyd has provided me with ample opportunities for learning and understanding healthcare through integrating theoretical knowledge with practical and realistic applications. I have had many fantastic learning experiences that enriched my horizon in the healthcare world. The department also motivated me to develop ideas and pursue knowledge related to advocacy on issues of healthcare and healthcare infrastructure in the developing world. The department has also encouraged me to present my ideas and insights at the national and international level through publication and poster presentations as well as participation in international conferences. In a nutshell, I am proud to say it has been more than a privilege to be a part of the fantastic environment of knowledge, science, and leadership."

Naveen Bhardwaj
B.Pharm
(Batch-2019-23)

I feel immensely grateful for being a part of this outstanding academic community that has empowered me to pursue my dreams and achieve success in my career.

Manendra Pandey
B.Pharm.
(Batch-2012-16)

I am a proud student of LIMT, the college & environment helps you stand stronger for the coming in the future. What they teach you here is not just knowledge, but practical skills too.

Ankit Kalucha
B.Pharm.
(Batch-2014-17)

Lloyd's dedicated faculty imparted invaluable practical skills and knowledge, shaping me into a confident leader within the pharmaceutical industry.

Apoorv Tripathi
B.Pharm.
(Batch-2017-21)

This place has given me so much, be it academically, professionally, or personally. The entire journey here has been thrilling and exciting. Every day had something new to learn. The cordial relationship with the teachers has helped me get great exposure. The labs are well-equipped and the campus is very beautiful. It is indeed one of the best campuses in Delhi NCR.

ENTREPRENEURIAL STORY

Our proud alumni of Lloyd Institute of Management and Technology from the very first batch of 2004–2008, Mr. Sandeep Maheshwari comes from a very humble background. He began his journey in 2008 by joining Gracure Pharmaceuticals. However, building on his entrepreneurial skills, Mr. Maheshwari established his own business in early 2012, Florencia Healthcare Pharmaceuticals, which is now a top manufacturer and exporter of anticancer and other healthcare products. Keeping a strict focus on the global market, this company has flourished in exporting pharmaceutical products.

Never have we been more proud!
