## President's Message

I am happy to greet one and all to the Lloyd family in the new academic session. We, at Lloyd, will do everything to make sure you get the support you need to succeed. From the moment you step on Lloyd campus, your success is our goal and we will work with you to make it happen. From the Reception to the Admission office, from the Career Counseling Office to the Financial-Aid office, from the Lecture halls to the sophisticated Labs, from the Language Lab to the well stocked library with 12 hours accessibility and beyond, there are people at Lloyd who will help you find your way around. Lloyd has a long history of helping students achieve their dreams. We provide programmes that reflect current and emerging knowledge and practices and promote self-management, critical analysis, decision making and entrepreneurship. Our faculty fosters students ready to undertake roles, responsibilities and challenges in business, industry, the professions, public services and society. They are the people who make it happen and that's why most students say "it feels like home" here. Today Pharmacy profession is not confined to industry alone. It has expanded immensely and there are a lot of opportunities in Clinical Research, Nanotechnology, Drug Discovery, Molecular Biology, Phytochemistry and so on. Pharmacy discipline has grown tremendously and recent advances in technology have created plenty of job and research opportunities. Recent innovations have revolutioned the process of drug discovery and development. Lloyd is student-centric and ready to face the global challenges of the Pharmacy profession. Our B.Pharm. and M.Pharm. curriculum is designed in that direction by intellectuals. I welcome you to the Lloyd Group-we are dedicated to help you achieve your goals.

Mr. Manohar Thairani

## Foreword

It gives me immense delight to introduce the first edition of "Lloyd Reflections", our first-ever biannual magazine. I am sure you have a pleasant journey surfing through the pages of articles, updates and our achievements. We, at Lloyd, are driven by the belief that every child deserves a high quality education. And in today's generation where there is an intersection of great challenge & great opportunity, especially in the pharmaceutical sector, we need to think out-of-the-box and provide only the best to our students. Since its inception more than a decade ago, Lloyd has remained a place of innovation and excellence in pharmacy education. As the needs of society and profession have changed, the Institute has also evolved and continues to bring about positive changes to prepare future pharmacists for an expanded role in the healthcare profession. Consistently amongst the top-ranked private schools of pharmacy, Lloyd continues to be an innovative force in pharmacy education to meet the needs of a changing world.

Today, we offer Bachelor of Pharmacy (B. Pharm.) and Master of Pharmacy (M. Pharm.) in Pharmaceutics and Quality Assurance. Lloyd provides an exciting and engaging environment for students to pursue their studies as well as engage in activities which will make them a successful human being. I give my blessings and wishes for a successful and fulfilling life to all my students. To the alumni : You have been our torch bearers, carry the light of Lloyd high and bright. Sky is the limit for all of you. To the students wishing to join us for Pharmacy education : May the Almighty show you the right path to choose the right career.

Regards and blessings to all,

Dr Vandana Arora Sethi

## SECTION - 1: ARTICLES

VAIBHAV AGGARWAL

II<sup>nd</sup> YEAR STUDENT

It is satisfying to see that we are becoming more and more conscious about health. At the same time, it is a matter of deep concern that cancer is emerging as a silent killer day by day. Slowly, but surely, it is tightening its grip on us.

In India, cities are more cancer prone than country areas. In the early 1990`s, we expected one out of every fifteen urban Indians to be affected by cancer in their lifetime i.e. every second- third family would have to face this terminal disease.

One shudders to think of this grim scenario. These growing incidences of cancer is partially due to high levels on benzene in the air and also that the metros are exposed to higher levels of pesticides in their food.

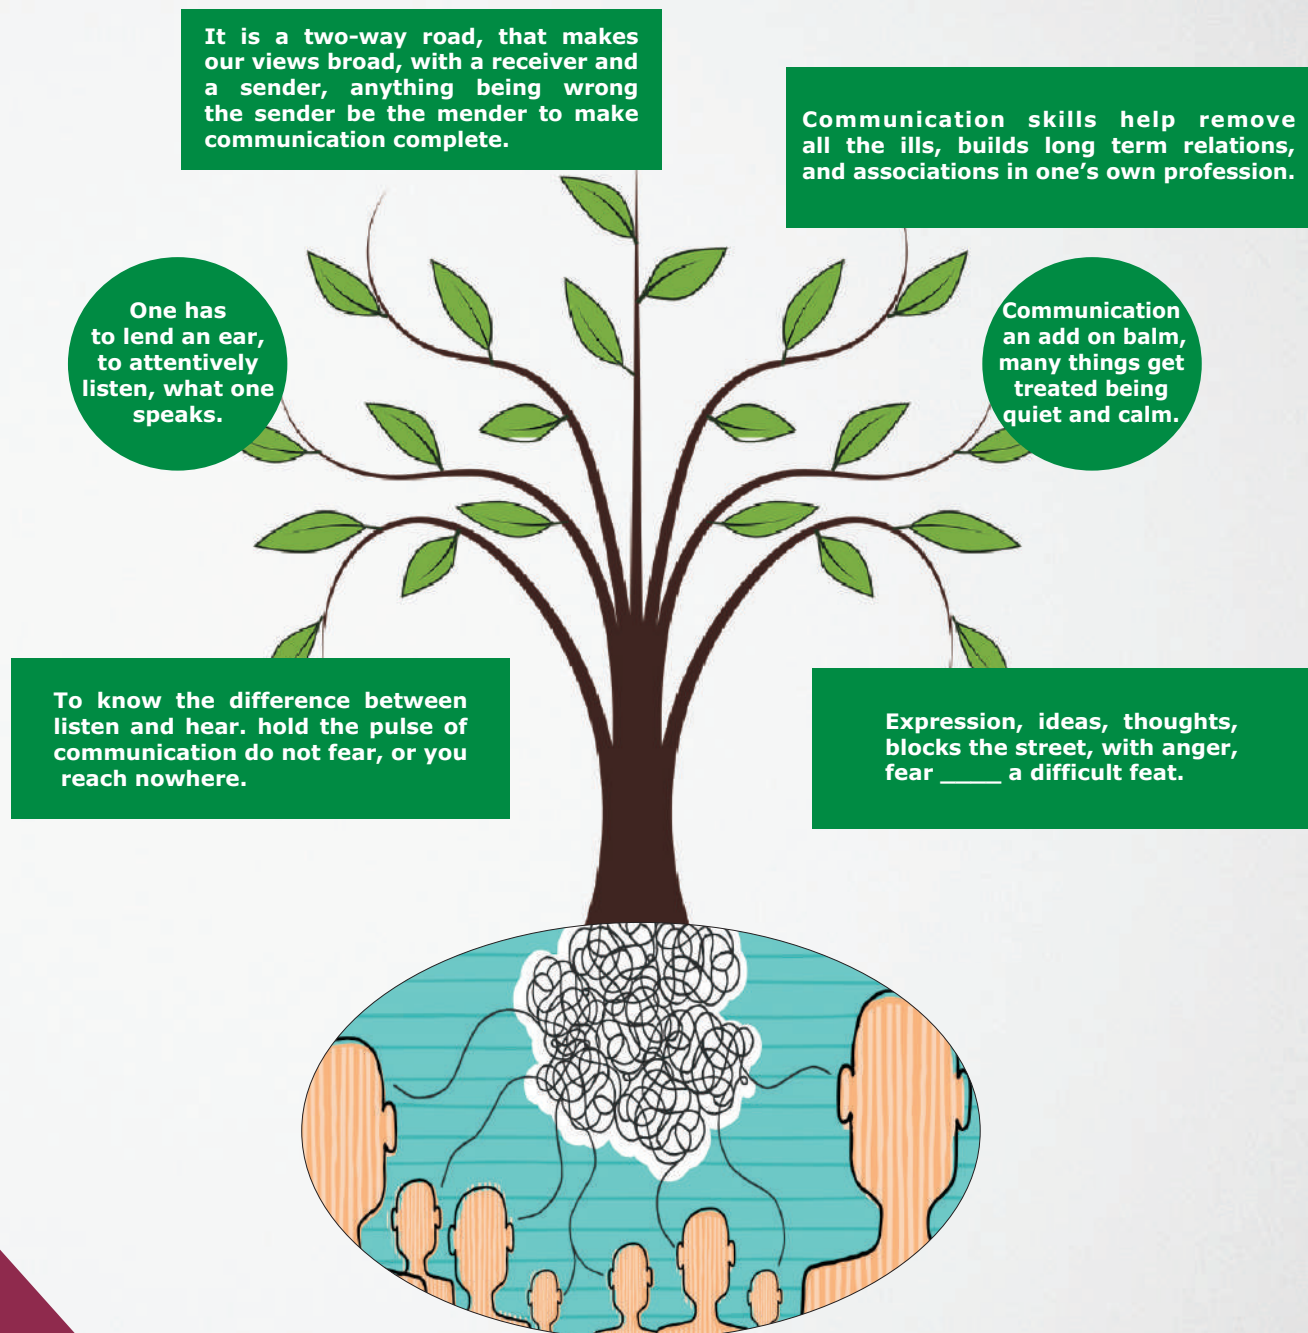

We will have to make concerted efforts at war footing to check the menace of cancer. First of all, in order to check the steady growth of cancer in the country, the govt. shall have to give top priority to the preventive measures to reduce the levels of benzene in the air. Stringent quality control would have to be exercised on the food materials sold in the market. People need to be made aware of the fact that cancer is a curable disease, provided it is detected in its initial stages. At the same time, measures to undertake improvement in facilities for the treatment of cancer will have to be adopted.

## SURVEY ANALYSIS TO CHECK THE CUSTOMER PREFERENCE : Generic vs Branded

BY ALAKNANDA  
Fourth year

For successful operation of any market, a healthy balance between the manufacturers and the consumers is required. The consumers play a dominant part in deciding the growth and development of any manufacturer.

Though in India also, domestic pharma companies have a major share but to have a better analysis on the market situation prevailing in India, we conducted a Survey to understand the preference of Consumers in India i.e., we wish to know that consumers prefer generic medicines or branded. In this survey, 4 questions were asked from the consumers of Delhi NCR region (educated class). No. of volunteers participated were 430. Comparative Data Analysis has been shown below.

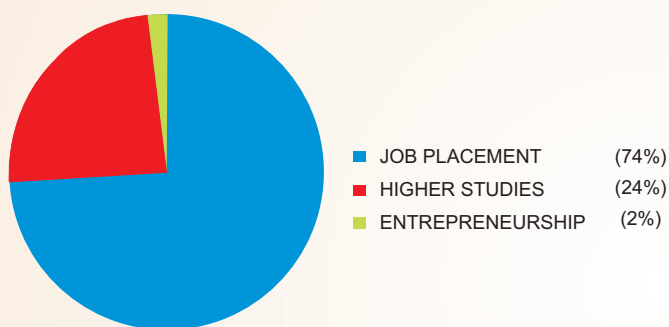

Conclusion: Results showed that brand and price was the choice of customers but brand was the priority, less trust on Indian medicines hence customers rely on international branded products, some are not aware of the Jan Aushadhi Scheme started by government which gives cheaper generic medicine and others don't prefer such schemes.

## SECTION - 2: INDUSTRY FOCUS

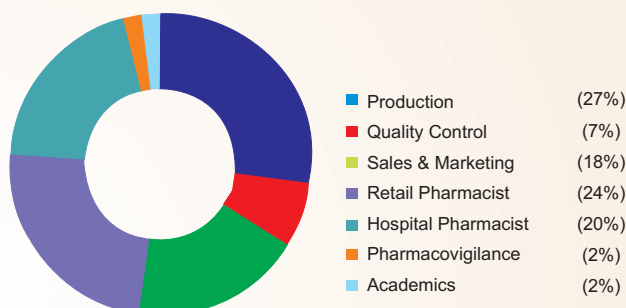

### TRAINING AND PLACEMENT ACTIVITIES

Placement cell undertakes various activities of training and grooming of students in terms of conducting mock interviews, GD sessions, resume writing workshops, HR meeting etc. Along with providing placement assistance to students of M.Pharm and B.Pharm, placement cell helps in managing industry interactions and industry relations. It has forged good relationship with many reputed companies in field of pharmaceutical and life sciences

Final Year Placement Stats

Different Job Areas

### The Broad Activities Undertaken by the Placement Cell are:

- **Formation of Students' Placement Committees for final placement and also for getting industrial training and industry-linked project work for students.**
- **Preparation of Placement Brochure for final placement.**
- **Pre-placement visits (PPV) to the companies.**
- **Communication, networking and relationship building with the potential recruiters**
- **Invitation to potential recruiters to visit the Institute.**
- **Continuation of placement activities after the stipulated period, till all the students are placed.**
- **Grooming and training of the students for better placements.**
- **General follow-up, joining formalities and other administrative activities of students**

## PLACEMENT REPORT

## CAREER FOCUSES

Pranshu Dubey, Dr Reddy's Marketing division, New Delhi

## PERSONALITY DEVELOPMENT CLASSES

Personality Development Program (PDP) at Lloyd is aimed at increasing employability of the Students. Experts with a holistic professional experience interact with students and help them to inculcate professional attributes. Efficient communication skills, professional attire, use of gesture during communication, power of pause, group discussions, leading skills are some of the key quality attributes which are taught in this program. In addition, various types of reasoning problems that are asked during campus recruitment papers are covered.

Training on Group Discussions and group tasks on a variety of topics ranging from the general to the technical. Focus is on creative and logical thinking, group behavior; inter personal skills. Mock Group Discussions will be followed with feedback session to the entire class. For the GD's, care is taken to try and give extra attention to the students with poor communication in the class.

These classes are scheduled fortnightly for all the students. The aim of PDP for final year students is to prepare them for their job opportunities. For junior students, the aim is to have an overall development apart from their routine schedule.

PERSONALITY  
MATTERS  
"Your  
Personality Can  
Transform Your  
Future"

## EXTRA MURAL LECTURES

**DR. DEEPAK BANOT**

**M. Tech IIT (Delhi),**

**PhD from Loughborough University of technology (U.K.)**

An initiative to bridge the gap between industry and academia by offering a platform at Lloyd to industry experts to share. Extra Mural Lectures are aimed at requesting eminent industry expert fraternity of different areas to deliver lectures on a plethora of topics in our college. It is an initiative to increase the reach of our college beyond the regular course work curriculum. It is also a platform to showcase the application of various subjects for industry perspective.

Under this various lectures are organized in different subject related topics. The vision in the future is to expand the practical knowledge of students for various fields in pharma. sector, initiative to encompass know how of their interest inclination. We hope to make an impact in the minds of those students who couldn't understand the varied and bright scope of career in pharmacy, through this initiative. These lecture series would definitely instigate more for special speakers. These will also encourage students to develop professional competencies at interacting and communicating across disciplines.

Dr. Deepak Bhanot interacted with the students about various laboratory safety measures which comes under Good Lab Practices. All the students of B.Pharm. and M.Pharm actively took the part in this fruitful interaction with Dr. Bhanot.

## SECTION - 3: ACTIVITIES AT LLOYD

### FAREWELL CEREMONY (BATCH 2013-2017)

"Our fingerprints don't fade from the lives we touch"

**Students performing group dance performance  
on the farewell eve of the outgoing Batch**

**Mr. Farewell Rishab and Miss Farewell– Nikita Handa**

## PHARMA JOB FEST –2017 AT LLOYD

**Mr. K.L. Sharma (Joint Secretary, Ministry of Health and Family welfare), addressing the recruiters and candidates about their role and responsibilities in pharmacy profession.**

Lloyd school of pharmacy organized a national level job fest for the second time on 15th April 2017 at their campus. It was an ideal platform for 800 candidates from 80 pharmaceutical colleges like DIPSRU, Jamia Hamdard, NIPER, Panjab University and our own Dr. APJ Abdul Kalam University to seek job opportunities from around National and Multinational companies like Nestle, Arbro, Belco Pharma, Aristo etc,. Eminent personalities such as Mr. K. L. Sharma (Joint Secretary, Ministry of health and Family Welfare), Mr. N. P. Singh, District Magistrate, Gautam Buddh Nagar, U.P., Dr. G. N. Singh Drugs Controller general of India, Prof. Ramesh K. Goyal, Vice Chancellor, DIPSRU, Prof. Virendra Pathak Vice Chancellor, AKTU Mr. Rajiv Gulati, ex-president Ranbaxy and representatives from FDA Drug Controller office marked their presence.

The event was inaugurated by Mr. K.L. Sharma and all the dignitaries present on the dias shared their views and motivated the students and recruiters for the upcoming whole process. Mr. K. L. Sharma stressed on the growth of pharma sector. He pointed that pharma industry is like cross roads and hence students should understand their responsibility to select the right one. He also emphasized that intuitions need to type with the medical research center for the betterment of the profession. He also advised the industries to come forward with some suggestion in curriculum. Mr N.P.Singh, DM, G.B. Nagar, said he was impressed to see such gathering of so many colleges participating from this district, he mentioned that he is the host of the event and not the guest. He said all medical services should be available at low cost., so that it can reach each and everyone. In the society, young generation, he said, is the bubbling with energy and this energy needs to be focused in the right direction. He said the youth energy should be channelized in positive ways. He quoted a poem that he had written himself about the youth and urged the youngsters to be a blend of skill, hardwork and excellence.

**Students from different colleges hold their nerves before the interview.**

## PHARMA JOB FEST –2017 AT LLOYD

**Director, Lloyd, Dr Vandana Arora thanked all the dignitaries and the recruiters and her team for working for two months to bring this Job fest to success. The Chairman of Lloyd group, Manohar Thairani said that such activities will keep happening in future.**

Dr G.N.Singh congratulated the management of Lloyd and said that Lloyd is making his dream come true of every pharmacy student getting a job. He urged the companies present for the job fest to recruit more and more pharmacy professionals. He made an important announcement of making Lloyd as a center where all chairmen of Pharmaceutical companies would be called and they would be asked to collaborate with college, so that the students can be better trained and more skilled. Also, he said he will ask all the state drug controllers to get such job fest organized in their states so that maximum number of students can be placed.

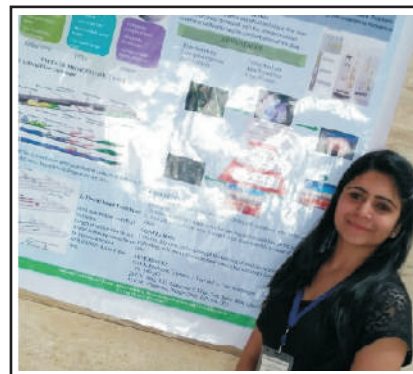

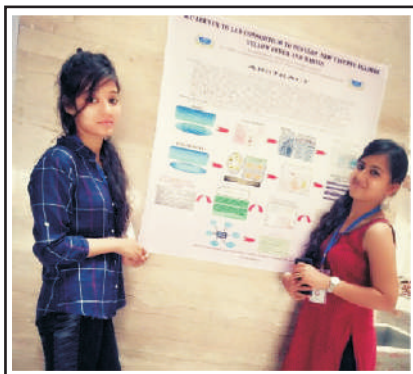

Dr. Singh asked Lloyd to come up with the first skill development centre in collaboration with the industry so that the students are technically ready for the job, before getting placed. Prof. Ramesh Kumar Goyal said that Pharma professionals are over qualified but lack the understanding of the opportunities they can avail as a profession. He informed the students about the several latest job opportunities in the pharma sector.

Lloyd school of pharmacy released their first edition of pharma magazine "Lloyd reflections" in this event. The companies recruited students in large numbers. More than 250 students got benefitted from this job fest and were shortlisted in various sectors of pharmaceutical industry.

## INTER-COLLEGE SCIENTIFIC ORAL AND POSTER PRESENTATION

**Naveda, Akanksha, Radhika and Jagriti (left to right) presenting posters on Novel methodologies in Pharmaceutical research at Galgotias University on 15th April 2015**

Students of Lloyd school of Pharmacy participated in the National Conference on "Recent Advancements in Pharmaceutical Sciences and Clinical Research" GALGOTIA UNIVERSITY on 15th April 2015. The topics of their presentation were Probiotics as novel drug delivery system (Naveda, 4th year), Microfluidics based analysis (Jagriti, 4th year), New vaccine for yellow fever (Radhika and Akanksha, 3rd year).

### SHIVANI MISHRA

**awarded for the best "Scientific oral presentation" during the conference at ITS**

Shivani Mishra gave a presentation on the newer area of research in pharmacy, outlining the importance of research in India. She was awarded with the best oral presentation award. Around 50 colleges participated in this conference and more than 15 candidates took part in this oral presentation event.

### ALUMNI SPEAK

"It's a place of knowledge and bliss. I still feel special that I was a part of Lloyd School of Pharmacy. Getting 3rd rank gave me confidence to study hard, thanks to all my faculty. I cherish the memories I had during my college time. I sincerely thank all the faculty and staff of Lloyd for helping us achieve our goals."

**Anjali (Batch : 2013-2017)**

"Some of the most precious moments of my life are associated with my 4 years of learning and growing at Lloyd. It is a place which helped me to grow intellectually and socially. Guidance and inspiration from the teachers helped me to pave a path of success. The crazy but great batch mates were the perfect icing on the cake. Long Live Lloyd."

**Kiran Patel (2009-2013) NDTL, New Delhi**

## **PLANTATION DAY - 2017**

**On Second Death Anniversary of Former President APJ Abdul Kalam  
(Dr. APJ Abdul Kalam Technical University)**

**decided to pay homage to our beloved President by planting tree saplings  
on 28th July 2017.**

**Students brought the saplings from their home to show their individual contributions.**

**All the faculty members and students with the Dr. Vandana, Director Lloyd actively  
took part in the Plantation Ceremony at Lloyd Institute of Management & Technology (Pharm).**

**Students and faculty during plantation of tree sapling in herbal garden  
of Lloyd of Management & Technology**

**Still showing students of 2nd and 3rd year during plantation day on 28th July 2017**

## ORIENTATION DAY - 2017

On 12th September 2017, Dr. S. L. Nasa, the Chief Guest for the orientation day of the new batch (2017-2021) shared his experience with the mesmerizing talk. He motivated the students to work with full determination in this noble profession. He also explained the new emerging scope of this profession in blood banks and in clinical trials. He also mentioned that pharmacy graduate has better scope than basic life science graduates and government is working to uplift the employment opportunities for pharma students.

On the same day, the community pharmacy division was inaugurated by Dr. Nasa. He acquainted the students about their role as pharmacists towards community. this community pharmacy division (CPD) of Lloyd Institute of Management and Technology, Pharm) is actively engaged in working for the health needs of the society & educating the community about the medications & related issues. We conduct various programmes & activities with children & citizen to foster good medical benefit.

## PARICHAY

On 13<sup>th</sup> September 2017

Lloyd family welcomed their New Members with a stupendous party. The eve marked the thrilling performances, ramp walk by the new faces & some fun activities. Lovepreet kaur was entitled as Miss Fresher along with Sidhant Mishra who earned the title of Mr. Fresher.

## PHARMACIST'S DAY

25<sup>th</sup> September 2017

View showing students along with faculty members doing a preliminary health check up on Pharmacist's Day

First and second year students presenting posters on role of pharmacist in Community Pharmacy

Still showing students in the annual Pharmacy Quiz competition held on 25th September 2017

### Health awareness camps

A One Week Camp Was Organized By Lloyd School Of Pharmacy In Which Students Along With Some Faculty Members Visited Different Schools In Rural And Urban Areas To Spread The Knowledge Of Good Hygiene Practices And Rational Use Of Medicines.

### Blood donation camp

On 25th Sep 2017, celebrated as Pharmacists day in India, Members of Lloyd school of pharmacy actively participated in the Blood donation camp organized at Lloyd campus in Association with Rotary Blood bank.

### World Smile day

Lloyd School of Pharmacy organized a seminar on Oral Hygiene on the occasion of world smile day.

**06<sup>th</sup> October 2017**

A lecture was delivered on oral hygiene in order to spread awareness on insight of oral health by

**Dr. Vidhi Dhakaray Khanna**  
Senior Dental Consultant In  
Kailash Hospital Greater Noida.

She stressed on the harmful effects of "Smoking and alcohol consumption to oral health". She enlightened the students with the most common diseases in the youth due to improper care of oral health and consumption of alcohol, narcotics followed by the common remedies or prevention methods. Students presented posters and models to spread awareness about the oral hygiene and problems related to it.

## **FACULTY DEVELOPMENT PROGRAM**

**at Lloyd on Oct 7, 2017**

School of pharmacy organized a one-day Faculty Development Programme (FDP) on 07th October 2017, at Lloyd campus. Many faculties from Greater Noida region reached at Lloyd campus to attend this FDP.

The FDP started at 09:30 am with an introduction of Dr. Namrata Singh (Director Medical services) & Dr. Smriti Khatri (Medical writer & coordinator) from TuracoZ.

### **Dr. Namrata Singh**

She spoke about framework of the research article in session 2. The session was very informative. After the session a lunch break was given to the participants between 1:00 pm to 2:00 pm.

A very enlightened and detailed lecture was given by Dr. Smriti Khatri during session 3 on editing formatting & referencing how to avoid plagiarism tips for authors in session 4, participants were made to discuss an original research paper and its various components in detail was discussed in the session.

## Vivaad— An Inter College Debate competition On “Use of Generic vs Branded drugs”

School of Pharmacy, Lloyd Institute of Management & Technology organized inter-colleg debate competition of “VIVAAD - 2017” on 9th October 2017 at Lloyd CAMPUS. The topic for the debate was “generic drugs are better than branded drugs”.

**From upper left to right - Akanksha from Lloyd speaking on the benefits of generic drugs  
The contestants answering the questions, students receiving certificates from  
Dr. Vandana Arora, Director, Lloyd**

Six teams from various pharmacy colleges such as Innovative college of Pharmacy, RamEesh College of Pharmacy, Lloyd School of Pharmacy participated in this inter-college event. Each team consisted of two members (FOR & AGAINST). A slot of 3 minutes & 30 seconds was allotted to each speaker. Each team was called upon to express their views. The event was full of enthusiasm and it gave a new vision towards the use of generic and branded drugs in India.

Akash Pathak from Innovative college got the consensus of all the jury members for winning the award of best orator, Akanksha from Lloyd and Aayushi from Rameesh got the runner up prizes. Dr. Vandana, Group Director, School of Pharmacy, Lloyd gave certificates to all the participants to inspire the students and inculcate the habit of debating.

## ALUMNI SPEAK

### M A R G D A R S H A N

The seminar hall of School of Pharmacy, Lloyd Institute of Management & Technology was beautifully embellished to welcome the Alumni of the institute. A platform named as "Margdarshan" was created for the students to interact with their super seniors who are presently working in big MNC companies and some who work as successful entrepreneurs.

The alumni Mr. Shailendra Senior Marketing Manager (Batch 2006-10), Mr. Sandeep (Batch 2004-08) running his own manufacturing set up, Mr. Deep Bajaj (Batch 2004-08) presently working as senior marketing executive and Miss Kiran Patel (2008-2012) presently working as Analyst, NDTL, New Delhi entered the hall at 11:00am and was warmly welcomed by Dr Vandana Arora with a bouquet.

Mr. Sandeep stressed on developing and maintaining senior-junior relationship. He said students should yearn to learn and should attend to the class lectures very sincerely. Mr. Shailendra shared his experience with the ongoing batch of students. He emphasized on working hard without looking for short cuts. Kiran Patel shared that when she was studying there were limited resources but things have undergone a sea change and students should get benefit of it. She motivated students for higher studies after their graduation. The motivational experience sharing session was followed by a question-answer session in which students asked about their queries related to the different job opportunities in government and private sector. Alumni helped students to know the right direction to follow so that they could achieve their goals in life.

## **Amit Singh**

**Senior Regulatory officer**

**Kinapse India Scientific solutions Pvt. Ltd.**

**(Former Research Scientist at Sun Pharma India Ltd.**

**(Erstwhile Ranbaxy Laboratories Pvt. Ltd.)**

## **Drug Regulatory Affairs-An interview**

What is regulatory affairs?

Regulatory affairs department ensures that products should be developed from the desire of governments to protect public health by controlling the safety and efficacy of products in areas including pharmaceuticals, veterinary medicines, medical devices, cosmetics and complementary medicines. The companies responsible for the discovery, testing, manufacture and marketing of these products also want to ensure that they supply products that are safe and make a worthwhile contribution to public health and welfare.

Responsibilities of Regulatory personnel:

The responsibilities of RA personnel in general can be summarized into three

1. Ensuring that their companies comply with all of the regulations and laws pertaining to their business
2. Working with federal, state and local regulatory agencies and personnel on specific issues affecting their business
3. Advising companies on the regulatory aspects and climate that would affect their proposed activities.

Stringent Drug Regulatory Agencies across the world-

1. United States Food and Drug Administration (USFDA)
2. Medicines and Healthcare products Regulatory Agency (MHRA, UK)
3. European Medicines Agency (EMA), European Union
4. Therapeutic Goods Administration (TGA), Australia
5. Central Drugs Standard Control Organisation (CDSCO), India

Regulatory Affairs and its Role in Pharmaceutical Industry

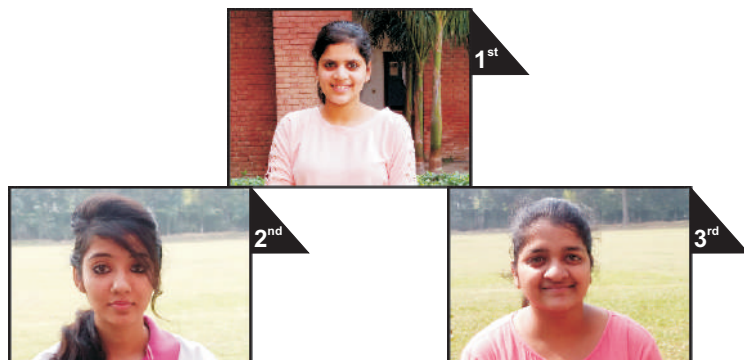

Regulatory affairs in the pharmaceutical industry plays an important role as the Pharmaceutical sector is rising very rapidly and there is a want of regulatory affairs. Professionals should provide the current needs of industries for the global competition. A regulatory affair is a profession which acts as the interface between pharmaceutical industries and government authorities across the world. The goal of the regulatory affairs professional is protection of human health, ensuring safety, efficacy, and quality of drugs, ensuring appropriateness and accuracy of product information.

Drug Regulation in India

Drugs Regulatory system in India is in concurrent list of Indian Constitution. It is governed by both Centre and State Governments under the Drugs & Cosmetics Act, 1940. India's Drugs and Cosmetics Act governs the registration, import, manufacture, testing and sale of drugs and cosmetics.
