

A REPORT ON “NIYUKTI” LLOYD JOB FEST 2024

.....
Saturday, 06th April 2024
.....

Organized by:
**LLOYD INSTITUTE OF
MANAGEMENT & TECHNOLOGY**
Greater Noida (U.P.)

NBA Accredited
B. Pharm. from 2018

Promoting international quality standards for technical education in India

INTRODUCTION:

Niyukti is an apt name for an event which brings hundreds of job aspirants and scores of recruiting companies together under one roof and gives them an opportunity to seek out the best match for each other, from each other. In the seven years since its inception, **Niyukti**, the Annual Job Fest of the Lloyd Group of Institutions, Greater Noida, has hosted more than 10000 students and 300 recruiters (some of them choosing to come again and again every year!) on its campus in the month of April every year. Most of the students have found their first job in the **Lloyd's Job Fest-Niyukti** and started the journey of their career.

This year the Lloyd Group organized Niyukti-2024, their 8th Mega Job Fest on Saturday, 06th April'24. The Job Fest

was organized specifically for the candidates of Pharmacy background. Preparations began months prior at Lloyd-campus as students were invited from various Institutes/Universities not only from Delhi NCR but from all over the nation. Invitations were sent out to various multinational brands from different sectors like production, quality assurance, quality control, sales & marketing, business development, retail & hospital Pharmacy, regulatory affairs etc. to interview and offer jobs to the eligible candidates. **More than 800 students registered from 100+ Institutes/ Universities registered for the placement drive conducted by 40+ companies.**

OBJECTIVE:

The Objective of "Niyukti"- The Lloyd Job Fest is as follows:

- ✓ To bridge the gap between Employers & talent
- ✓ To increase Employment Opportunities
- ✓ To bring best & economical talent from Pharmaceutical Sector under one roof
- ✓ Fostering networking opportunities
- ✓ To provide companies the benefit of low cost per hire.

ORGANIZERS

The Lloyd Group of Institutions, Greater Noida was established in 2004 and offers courses ranging from Diploma, Degree, to Post graduation in Pharmacy, Management, Data Analytics, Education, Engineering and Law. All the courses are duly approved by their respective regulatory agencies and over the years have gained prestige for their quality and the holistic learning experience gained by students on the campus. A testimony to the quality of education offered is that the B. Pharm. Program of the Institute has been approved for accreditation by the National Board of Accreditation (NBA), which ensures implementation of international quality standards and relevance of education.

The Lloyd Job Fest started in 2016 after a elaborative discussion between the Group Chairman, Shri Manohar Thairani, the then Drug Controller General (India), Dr. G N Singh, Sh. S L Nasa (Former Registrar, Delhi Pharmacy Council and President, Indian Hospital Pharmacists' Association) and the personality bringing them all together, Lloyd Group Director, Prof. (Dr.) Vandana Arora Sethi. The thread of the discussion was placements, the struggle made by passing out graduates in finding suitable jobs and the growing disinterest of big companies in visiting college campuses for their recruitments. They identified that it is not just a problem for Lloyd but for all the students in almost every college as the youth of the nation is in dire need of jobs while at

the same time companies lament the unavailability of a large employable pool of talent. The dream "**Sab Ko Shiksha, Sab Ko Rozgaar**" of our **Honorable Prime Minister** could be realized only if some socially responsible organizations took it upon themselves for this noble cause. Dr. G N Singh and Sh. S.L. Nasa pledged their full and unconditional support for the initiation of the Job Fest.

With no other resources and no financial aid from any external agency, the Lloyd Group took it upon itself to organize an event where not just its own students but students from other colleges, so called competitors, as well. All they had to do was simply register online and come to the Lloyd Campus on the day of the event.

The event's sole purpose is to "**Connect the right candidate with the right company for a bright career**" and provide job opportunities for the soon-to-be-graduates as well as struggling-experienced students. Lloyd-Job-Fest is sumptuously publicized, covering a huge geographical arch and today it attracts students from not just Uttar Pradesh and Delhi-NCR but Rajasthan, Orissa, Maharashtra, Tamil Nadu, Madhya Pradesh and Punjab.

MASCOT HEALTH SERIES PVT. LTD.

Had an interesting exposure In LLOYD, Shortlisted some talented stuff, Thanks for support

Mr. Amanpreet Kaur
HR Head

Conclusion

The job fest held recently was a resounding success, effectively connecting pharmacy students with numerous opportunities in the field. Out of the 800 candidates who participated, an impressive 551 were shortlisted for various positions. What's particularly noteworthy is that many students received multiple job offers, underscoring the event's effectiveness in matching candidates with suitable roles.

The fest succeeded in its primary objective of facilitating employment opportunities for pharmacy students. It not only provided them with access to a wide array of job openings but also ensured that a significant portion of them secured promising positions. This indicates a high level of engagement and satisfaction among both candidates and recruiters.

Moreover, the fest highlighted the importance of such events in bridging the gap between job seekers and employers in specialized fields like pharmacy. It emphasized the need for ongoing initiatives that facilitate networking and recruitment within the industry.

As for lessons learned, the success of the fest underscores the importance of thorough planning and execution. Future events should focus on maximizing engagement and participation from both candidates and employers. Additionally, incorporating feedback mechanisms to continually improve the experience for all stakeholders will be crucial.

Overall, the job fest not only achieved its objectives but also demonstrated the potential for similar events to have a meaningful impact on employment outcomes within the pharmacy sector. With careful consideration of lessons learned, future editions hold great promise for further facilitating career opportunities for aspiring pharmacists.

ACTIVITIES AND PROGRAMS:

The valedictory ceremony initiated with a warm welcome to each recruiter for their commitment to make Lloyd Job-Fest an iconic event, 8 years in-a-row.

Lloyd Group of Institutions signed a Memorandum of Understanding (MoU) with Shagun Medi Testing Private Limited for establishing Centre of Excellence for Analytical Testing & Research on this auspicious occasion. This collaborations lead to the advancements in research,

innovation, and education. Creating a dedicated space for analytical testing and research will likely provide valuable opportunities for students, researchers, and professionals alike to contribute to the field and enhance their skills. This initiative could also potentially foster partnerships between academia and industry, leading to mutual benefits and advancements in the field of analytical testing and research.
