LLOYD INSTITUTE OF MANAGEMENT & TECHNOLOGY (PHARM.)

Plot No. 3 & 11, Knowledge Park-II, Greater Noida, Uttar Pradesh, India- 201306

About Lloyd

Lloyd Institute of Management & Technology (Pharm.) was established in 2004. The Institute offers following programs viz., Diploma in Pharmacy, Bachelors in Pharmacy and Masters in Pharmacy in Pharmaceutics, Pharmaceutical Quality Assurance & Pharmacology. Over the years, the Institute has gained prestige for its quality and the holistic learning experience gained by the students on the campus. The Institute is approved by Pharmacy Council of India (PCI) and affiliated to Dr. APJ Abdul Kalam Technical University (AKTU) and Board of Technical Education (BTE), Lucknow, Uttar Pradesh.

The B.Pharm. program of Lloyd is accredited by the National Board of Accreditation (NBA).

The Institute has introduced many effective features in its pedagogy and initiatives like: Community Pharmacy Division, Personality Development Program, Corporate Readiness Classes (CRC), Entrepreneurial Excellence Development, On-the-Job training in industry, Skills Training etc. We emphasize on delivering not just the curriculum content but also enriching the learning experience of students by incorporating several “beyond-curriculum” activities like: expert talks from industry, industrial visit to pharmaceutical manufacturing plants and analytical laboratories to provide a real-time, hands-on experience on the functioning of the pharmaceutical industry.

Besides Pharmacy, the Lloyd Group also offers programs in Engineering, Management, Law and Education.

Lloyd has successfully organized several International/national conferences/conventions in past for addressing the concern of academics and industry:

- **International Conference On “Contemporary Issues in Management & Pharmaceutical Sciences” (2023)**
- **AICTE Sponsored International Conference "National Education Policy- Transformational Reforms in Higher Education (NEP-TRHE): Making a Global Impact" (2021)**
- **Pharmaspeak-2019- “Exploration of Effective Pedagogical Tools for Augmented Learning in Pharmacy Education: Matching Industry Requirements” (2019)**
- **Annual Convention of Association of Pharmaceutical Teachers of India- APTICON (2018)**
- **“Pharmaspeak”- Generic vs Branded drugs- A 360° Overview on Costs, Benefits and Efficacy (2017)**
- **National Conference on Industry Expectations from Academia (2016)**
- **Pharma Regulatory Affairs: Current Trends and Career Opportunities (2014)**

SPONSORS & PARTNERS

DPSRU

Delhi Pharmaceutical Sciences and Research University (DPSRU), is the first Pharmacy University in India and third in the world, established by Act 07 of 2008 State legislature of Delhi and functional from 2015. It is 100% grant-in-aid State Government University recognized under 2f and Section 22 of the UGC. The University has the legacy of 57 years starting with the D. Pharm. in polytechnic in 1964 to College of Pharmacy in 1972 and then the institute Delhi Institute of Pharmaceutical Sciences and Research (DIPSAR) in 2004 that got converted into DPSRU as it stands now.

It has the campus spread over an area of 10.36 acres. Currently it has around 2600 students with 90 faculty and 136 supporting staff members, offering over 4 certificate, 3 diploma, 7 undergraduate, 24 postgraduate, and 8 doctoral programs. Apart from this, the University is planning to start two new courses i.e. B.Sc. (Nursing) and B.Sc. in Biomedical Sciences.

DPSRU aims to cultivate the spirit of embracing internationalism, diversity and competitiveness amongst students, such that novel and creative ideas are harnessed, leading to unique discoveries and inventions for the advantage of society at large.

IPA-DSB

The Indian Pharmaceutical Association-Delhi State Branch (IPA-DSB) is one of the most-vibrant State Branch of the IPA having more than 500 members representing a wide spectrum of the pharmaceutical fraternity. The IPADSB has been given the “Special Recognition Award 2011”, “Outstanding State Branch Award 2018” and “Best State Branch Awards for 2018 & 2019” for the excellent performance and contribution in meeting the objectives of the Association. Also, the Delhi State Branch established the first-of-its kind Pre-Pharmacy School Club within the country in the year 2010.

The IPA-DSB has six forums, viz. Regulatory Forum (RF), Industrial Forum (IF), Academic Forum (AF), Community Pharmacy Forum (CPF), Hospital Pharmacy Forum (HPF), and the recently established IPR Forum (IPRF).

PHD CHAMBER

PHD Chamber of Commerce and Industry (PHDCCI) has been working as a catalyst for the promotion of Indian industry, trade and entrepreneurship for the past 118 years. It is a forward looking, proactive and dynamic PAN-India apex organization. As a partner in progress with industry and government, PHDCCI works at the grass roots level with strong national and international linkages for propelling progress, harmony and integrated development of the Indian economy.

PHDCCI, acting as the “Voice of Industry & Trade” reaching out to more than 1,50,000 large, medium and small industries, has forged ahead leveraging its legacy with the industry knowledge across multiple sectors to take Indian Economy to the next level.

At the global level, we have been working with the Embassies and High Commissions in India and overseas to bring in the International Best Practices and Business Opportunities.

INVITATION FOR CONFERENCE

Dear Professionals,

Greeting from LLOYD.....!

We invite you to attend **International Conference on "Transformation Through Technology and Transdisciplinary Education"** scheduled to be held on **09th December, 2023** at **Lloyd Campus**, Greater Noida, Uttar Pradesh, India.

About Conference

The "**Transformation Through Technology and Transdisciplinary Education**" conference is an event that seeks to drive innovation, foster collaboration, and explore the limitless possibilities that lie at the intersection of technology and transdisciplinary education. In an era defined by rapid technological advancements and complex global challenges, this conference seeks to revolutionize the way we prepare individuals for the future.

The conference promotes transdisciplinary education, where knowledge has no barriers, and individuals are encouraged to explore, synthesize, and apply insights from various fields. Moreover, the integration of technology in education takes center stage, exploring how cutting-edge digital tools, e-learning platforms, and artificial intelligence can enhance the learning experience. It emphasizes the power of cross-sectoral collaboration and shows how such an approach can generate innovative solutions to complex societal issues including healthcare, the environment, and social equity.

Through keynote address, panel discussions, technical sessions, and research presentations, the conference will foster knowledge sharing, collaborative initiatives, policy recommendations, and empower educators with practical tools. It would serve as an inspirational platform for the change, where attendees leave with a refreshed outlook on education's transformative potential in our increasingly digital and interconnected world.

Conference Objectives:

- To provide a common platform for all the stakeholders to discuss the measures and means for accomplishing the goals of multidisciplinary education.
- To help the academicians keep pace with changing times, adapt and incorporate novel techniques into their work culture.
- Encouraging students to go beyond the boundaries of the syllabus, acquire knowledge & skills through interactive and participative learning to make themselves industry-ready.
- Researchers to indulge in interdisciplinary research instead of working in isolation to give socially useful research outputs.
- To identify the role to be played by the regulators in introducing and enforcing educational reforms.
- To discuss the roadmap towards holistic education.

Why to Attend????

- Attendees will gain a deeper understanding of the transformative potential of technology and transdisciplinary education.
- The conference aims to spark new collaborative projects, initiatives, and research endeavors that leverage the power of technology and interdisciplinary cooperation.
- Assessment of educational approaches in undergraduate education that integrate various disciplines.
- Fostering an ecosystem for multidisciplinary education, research and funding.
- Educators and institutions will leave with practical ideas and tools to enhance their teaching pedagogy.
- Policy recommendations to develop strategies and policies that encourage transdisciplinary education and technological integration.

Conference Highlights:

- Keynote address by renowned expert from the fields of technology, education, and transdisciplinary studies.
- Round table discussion by **Vice Chancellor's** from renowned universities of the nation.
- Panel discussions where experts debate and share their ideas on various aspects of transdisciplinary education and technology.
- Research presentations by researchers from around the world.
- Networking opportunities for participants to connect with like-minded professionals, fostering collaboration and partnership building.

Resource Persons

- Eminent professors and educationist** from esteemed international/ national educational organizations & universities.
- Representatives** from various **Regulatory Bodies**.
- Industry Professionals**.
