

Summer Skilling Course

SHORT TERM CERTIFICATION COURSE ON MEDICAL CODING

08th - 12th July 2024

Overview:

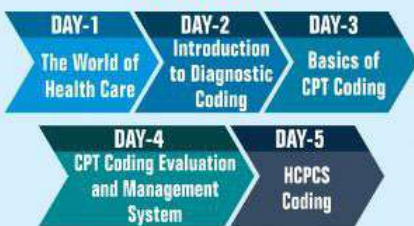

Medical coding involves translating medical services, procedures, diagnoses, and equipment into alphanumeric codes. These codes are used for billing, insurance claims, data analysis, and reimbursement purposes. The two main code sets are ICD (International Classification of Diseases) for diagnoses and CPT (Current Procedural Terminology) for procedures.

Anticipated Surge: Medical Coding Sector to Create 50,000+ Jobs by 2026. This Short-term medical coding course is designed to provide comprehensive training in medical coding. This course is ideal for individuals looking to quickly enter the healthcare industry as medical coders.

Course Objective:

- Understanding Medical Terminology:** Equip students with the medical vocabulary and terminology required to understand healthcare documentation.
- Learning Coding Systems:** Teach the primary coding systems used in healthcare, such as ICD-10 (International Classification of Diseases), CPT (Current Procedural Terminology), and HCPCS (Healthcare Common Procedure Coding System).
- Familiarizing with Healthcare Documentation:** Provide knowledge on how to interpret and abstract relevant information from medical records, charts, and other documentation.
- Understanding Healthcare Regulations:** Educate students on healthcare laws, regulations, and ethical considerations related to medical coding and billing.
- Preparing for Certification:** Prepare students for certification exams, such as those offered by the AAPC (American Academy of Professional Coders) or AHIMA (American Health Information Management Association).

Content:

Who Should Attend?

Students & Faculties from Pharmacy Colleges

Life science under graduates looking to quickly enter the healthcare industry as medical coders

Professionals of healthcare field who prefer administrative roles and are detail-oriented

Trainer:

Professional Coding Industry Trainer with an experience of more than 10 years, expertise in ICT, CPT, & HCPCS Coding
(Training Partner: CodEvo Academy)

Certification will be given to all the Delegates after Successful Completion of the Course

Course Fees:

Chief Patron

Mr. Manohar Thairani
Chairman
Lloyd Group of Institutions

Patron

Dr. Vandana Arora Sethi
Chief Strategy Officer & Head of Growth,
Lloyd Group of Institutions
